Policy Statement

ADR Carriers Limited is committed to protecting the environment and ensuring that our operations, particularly in the transportation of radioactive materials, are conducted responsibly and sustainably. We acknowledge our duty to minimize environmental impacts, comply with legal and regulatory requirements, and contribute to the global effort to safeguard the environment for future generations.

Objectives

To uphold this commitment, ADR Carriers Limited will:

1. **Compliance with Regulations**
 - Adhere to all applicable environmental legislation, including specific regulations governing the transportation of radioactive materials.
 2. **Risk Management**
 - Conduct comprehensive risk assessments to identify and mitigate potential environmental impacts, particularly those related to the safe transport of radioactive substances.
 3. **Waste Minimization and Pollution Prevention**
 - Implement measures to reduce waste generation, manage hazardous waste responsibly, and prevent pollution from transportation operations.
 4. **Energy Efficiency and Resource Conservation**
 - Optimize fuel usage, adopt energy-efficient technologies, and minimize resource consumption throughout our operations.
 5. **Training and Awareness**
 - Provide specialized training for employees on handling and transporting radioactive materials and raise awareness of their environmental responsibilities.
 6. **Emergency Preparedness**
 - Develop and maintain robust emergency response plans to address potential environmental incidents, including spills or leaks during transport.
 7. **Stakeholder Collaboration**
 - Work collaboratively with regulatory authorities, customers, and stakeholders to ensure environmental best practices are followed.
 8. **Continuous Improvement**
 - Monitor environmental performance, set measurable objectives, and regularly review and update practices to align with evolving standards and technologies.
-

Responsibilities

Management

- Ensure resources are allocated to implement and sustain environmental initiatives effectively.
- Promote a culture of environmental responsibility throughout the organization.

Employees

- Comply with all environmental procedures and participate in training programs.
- Report any environmental incidents or concerns promptly.

Contractors and Partners

- Meet the environmental standards and expectations set by ADR Carriers Limited.
-

Implementation

This policy is communicated to all employees, contractors, and stakeholders. It is integrated into our operational procedures and is reviewed regularly to ensure its effectiveness. Our approach aligns with best practices for environmental management and the specific challenges of transporting radioactive materials.

Approved by:

Stuart Dargue
Director, ADR Carriers Limited

Date: 01/12/2023

Review Date: 01/12/2028

This policy underscores ADR Carriers Limited's commitment to environmental stewardship and the safe, responsible transport of radioactive materials. By adhering to this policy, we aim to protect the environment and ensure compliance with all relevant regulations.
